A screenshot of a mobile application's login screen. The screen is divided into three main sections: a blue header, a white main content area, and a dark keyboard area at the bottom. The header contains a hamburger menu icon and the word "Login". The main content area features the word "Welcome" in a large, dark font. Below it are two input fields: "Username" with the text "fpc4" and "Password" with three dots indicating a masked password. A yellow "SIGN IN" button is positioned below the password field. The bottom section shows a standard QWERTY keyboard with a search bar and a green arrow button on the right. The top status bar shows various icons and the time "2:51 PM".
